

Plan your next Family Fun day with Savannah Ray!!

Have you ever sat on a hot crowded beach, looked out at a boat and wished you were out there?

--This is for you--

The Savannah Ray leaves the dock at 8 am and returns at noon. We will be

fishing a short distance from the Shark River Inlet and relatively close to the beach. This trip is intended for families with children who just want to spend a pleasant day on the water catching fish, taking pictures and enjoying the sun.

All you have to bring is food, drinks, plenty of sun screen, and your camera.

We will supply all bait and fishing gear.

All children 12 yrs. & under must wear a life jacket at all times.
